PERSONAL EXPENSES TRACKER APPLICATION

PROBLEM STATEMENT

Nowadays, the majority of people feel it is difficult to manage their earned amount. They spend it excessively or frivolously. In critical situations, they fall into depression. So they are in need of an expense tracker to monitor their spending amount in a right way and also they can manage their pandemic period in a smart way.

1). Bob is a busy man who needs a way to minimize the hand operated computation because he doesn't want to spend more time on calculation.
